THE POND KING

Difference

To get more families and friends to spend more time

Down at the Pond

enjoying each other and connecting with nature.

*Our
Mission*

Our Commitment to Quality

We build all our products to last a lifetime for you and your family, with little to no maintenance. Our small pontoon boats are made almost entirely from aluminum, so they can be left out on the pond without you worrying about tarping or bailing out water. We build our floating dock frames from the highest quality metals and use some of the densest composite decking on the market to prevent splintering and cracking. We use food storage quality plastic to make our artificial fish habitat, so it won't ever off-gas harmful toxins into your pond. We choose the highest quality materials to build our products because we believe you should get the very best value for each hard-earned dollar you spend with us.

Our Commitment to Customer Service

We believe good business is based on good relationships. That's why our biologists are always willing to answer questions about your pond, even if it doesn't result in you buying something from us.

When you buy a boat from us, we'll deliver it with our "turn-around" guarantee: if your boat doesn't meet your expectations, we'll turn-around, bring it back, and refund your deposit. We warranty every product we manufacture and go out of our way to make sure you get the most value possible from your purchase. And we love talking to our customers. If you don't believe that, give us a call. We'll prove it.

Ultraskiff

A ONE-MAN BOAT OFFERING UNOBSTRUCTED 360-DEGREE ACCESS TO FISH ON YOUR LINE.

"Four Thumbs Up!"

I finally got a chance to get my skiff on the water today. Let me tell you, this is probably the best invention since sliced bread and beer in can!!! The design is great, the balance was great, it was super easy to maneuver across the water. I give it two thumbs up on every aspect I can think of, and my buddy gives it another two. THAT'S 4 THUMBS UP!

"I love my new boat!"

The boat looks great! It is Exactly what I wanted!
It makes my fishing a whole lot easier and
enjoyable. This fish was my very first cast!
Thank you so much for your help!

-Eddie | Conroe, TX

"Outstanding boat!"

I got the Ultra with most of the bells and whistles including the hand rails and solar charger. This boat meets and exceeds all our expectations. I would recommend it to anyone who wants a great fishing boat that is stable enough for elderly people. My parents are in their 90's and they love fishing from the Ultra. The seats are very comfortable. We caught Bass on our first time out!

"Well worth it!"

I've used small boats for 20 years, but the Pond King Sport is the luxury 2-man bass boat. I've had my boat for just 4 weeks, but the difference in roominess and maneuverability is unbelievable. Yes, more expensive, but this boat is well worth it.

POND KING ELITE

A serious fishing boat

Boat Delivery

By virtue of their size, our boats have to be delivered (mileage fees apply) or picked up. If you opt to have your boat delivered, a Pond King employee will drive your boat to you and either launch it or leave it on the trailer for you. Rest assured, we'll deliver the boat with our Turn-Around-Guarantee: If you don't like your boat, we'll drive it back to our Lindsay location and refund your deposit, making your purchase completely risk free.

Boat Shipping

We can ship several of our boats by motor freight in the continental U.S., including the Rebel, DIY Boat Kits, Patriot, and the Ultraskiff. We ship these boats via 3rd party carriers. While we wish we could say we've never had a problem shipping a boat, that's just not true, and things happen.

So please, before you sign something saying you've accepted your boat, carefully inspect it!

Boat Pickup

Of course, you can also come get your boat here at headquarters. We love having visitors, plus it saves you money. Just beware; your photo will very likely end up on our Facebook page or in our brochure.

Lake Pro Tackle

SHOP IN-STORE OR ONLINE AND WE'LL HELP PUT YOU ON THE BITE

We make just about everything we can think of to help you manage your private pond or lake to improve your "Down at the Pond" fishing experience. Now we've figured out a way to help you catch more fish, wherever you go!

Lake Pro
TACKLE®

*Don't just put lures in your tackle box,
put fish on your line!*

We believe any day spent fishing is a good day, but we also believe those days are a little better when you actually catch something. To help anglers of all levels catch more fish, Lake Pro Tackle sources information from local bass anglers to help you choose the best lures for the current fishing patterns.

*Lake Specific Lures, Filtered by Season,
Water Clarity and Targeted Structure*

We've convinced local fishermen - our Lake Pros - to tell us their top 10 or so go-to-lures for a specific lake and to describe how they determine which of those lures to throw on any given day. To purchase the Lake Pro's go-to lures, just visit our Shop By Lake section, pick your lake and filter the products according to season, water clarity and targeted structure for the lake you'll visit on your next outing. The Lake Pros also provide an update to their respective lake every time they fish it, which is typically a couple times a week.
